

Technical drawing of a mechanical part, likely a bracket or support, showing dimensions in millimeters (mm). The drawing includes a top view and a side view.

Top View Dimensions:

- Overall width: 1.0 mm (indicated by a dimension line across the top).
- Width of the central rectangular feature: 0.25 mm (indicated by a dimension line above the central rectangle).
- Width of the side rectangular features: 0.25 mm (indicated by a dimension line above the right side rectangle).
- Width of the central rectangular feature: 0.64 mm (indicated by a dimension line below the central rectangle).
- Width of the side rectangular features: 0.64 mm (indicated by a dimension line below the right side rectangle).
- Overall width: 1.0 mm (indicated by a dimension line across the bottom).

Side View Dimensions:

- Overall height: 0.7 mm (indicated by a dimension line on the right side).
- Height of the central rectangular feature: 0.25 mm (indicated by a dimension line on the right side).
- Height of the side rectangular features: 0.45 mm (indicated by a dimension line on the right side).
- Height of the central rectangular feature: 0.07 mm (indicated by a dimension line on the left side).
- Height of the side rectangular features: 0.15 mm (indicated by a dimension line on the left side).
- Height of the side rectangular features: 0.15 mm (indicated by a dimension line on the right side).
- Height of the side rectangular features: 0.13 mm (indicated by a dimension line on the right side).

The drawing also includes several hatching lines indicating different material sections or features.
